

# Pre-Qualification Season is Here

## HIVE Capabilities

We know it's your job to deliver projects and programs smoothly, and quality is of the utmost importance. With that mission in mind HIVE is ready to assist with putting your best foot forward.

### HIVE's Strategic Resource Utilization Program

We will perform an independent assessment of your roster of employees and develop a database of your employee's certifications, experience, and qualifications.

Our resource experts will perform discovery with your firm's leadership to better understand your current vision, pain points, and short- and long-term growth goals.

Using this assessment and discovery, we will develop strategic plans to obtain/maintain certifications and pre-qualifications.

## How Can HIVE Help You?

Amid the current COVID-19 pandemic and beyond, it is vital to ensure your firm maintains and updates their Pre-Qualifications on file with GDOT. HIVE offers an a la carte menu of services that offer a great savings to your firm while better positioning your firm for future pursuits.

We are ready to assist you to ensure your success, because it equals our success!
